University of Missouri – Columbia, MO

2015 – 2018

B.A.s in Psychology with Honors & Sociology

Thesis:

The Relationship Between Emotional/Rational and Intuitive/Deliberative Decision Processes and their Relative Contributions to Decision Quality, Satisfaction, and Regret

Supervisor:

Dr. Laura D. Scherer

RESEARCH EXPERIENCE:

George Mason University – Fairfax, VA

2023 – Present

ACE! – Dr. Taxman & Dr. Rudes

Research Associate:

- Leads the control trial testing the Probation/Parole And Reintegration Coach Application (PARCA) technology to improve outcomes of 600 clients with substance use disorders under probation supervision, including surveys and interviews with clients and 60 supervising officers [funded by NIH]

- Assists on HEAL Initiative by promoting connections and partnerships with communities to translate research into actionable benefits for people living with substance use, mental health, and other conditions [funded by NIH]
- Assists on cognitive-behavioral program implementation of Developmental Reentry for Emerging Adult Management (DREAM) in Rockdale County jail for youths as they reintegrate into the community [funded by NIJ]
- Grades advanced module quizzes for probation/parole supervisors working through the Staff Undertaking Skills to Advance Innovation (SUSTAIN) learning system
- Analyzes assessment data of individuals for Prince William County jail site's Risk Need Responsivity (RNR) tool on pre- and post-release outcomes and satisfaction surveys of their reentry programming services
- Conducted qualitative data analysis using Atlas.ti software and quantitative analysis using SPSS software
- Presented research findings at the Addiction Health Services Research Conference

2018 – 2023

ACE! – Dr. Taxman & Dr. Rudes

Graduate Research Assistant:

- Analyzed assessment data of individuals for Prince William County jail site's Risk Need Responsivity (RNR) tool on pre- and post-release outcomes and satisfaction surveys of their reentry programming services
- Assisted on several of the Justice Community Opioid Innovation Network (JCOIN) projects within the training and engagement center that produces and administers trainings, webinars, and educational messaging on Medications for Opioid Use Disorders (MOUDs) [funded by NIH]
- Assisted on the Changing the Hole Mind project in qualitatively interviewing over 300 Restricted Housing Unit (RHU) residents on their solitary confinement experiences in one state prison system
- Co-led the Medication for Opioid Use Disorder (MOUD) utilization survey project of 42 state and 849 local court coordinators in problem-solving courts nationwide [funded by NIH]
- Mentored and directed three undergraduate research assistants on research processes
- Conducted qualitative data analysis using Atlas.ti software and quantitative analysis using SPSS software
- Presented research findings at the American Society of Criminology Annual Conference and the American Sociological Association Annual Conference

2019 – 2023

Criminology, Law & Society – Dr. Irvin-Erickson

Graduate Research Assistant [funded by NSF]:

- Co-leads the project of COVID-19 implications for Domestic Violence (DV) survivors and victims via interviews, surveys, and focus groups with over 100 DV service providers nationwide
- Mentors and directs three master's research assistants on research processes

- Conducts qualitative data analysis using NVivo software
- Created a nationwide database of 3,000+ crime victim and domestic violence service providers
- Conducted a scoping review of literature and research on the impacts of COVID-19 on domestic violence globally
- Presented research findings at the American Society of Criminology Annual Conference

Graduate Research Award [funded by College of Humanities and Social Sciences and The Office of Graduate Research at George Mason University]:

- Co-led the project of college student knowledge and perceptions of Title IX and proposed changes to Title IX regulations via focus groups and interviews with 55 students at George Mason University
- Mentored and directed five undergraduate research assistants on research processes
- Conducted qualitative data analysis using Atlas.ti software
- Presented research findings at the Academy of Criminal Justice Sciences Annual Conference

University of Missouri – Columbia, MO

2016 – 2018

Attitudes & Decision-Making Lab – Dr. Scherer

Undergraduate Research Assistant:

- Collaborated with two doctoral students in the management and daily operations of the research lab
- Instructed undergraduate student participants on study protocols, delivered informed consent, and answered follow-up questions
- Conducted secondary data analysis on emotional vs. rational decision-making processes based on health scenarios for undergraduate capstone thesis
- Presented research findings at the Midwestern Psychological Association Conference
